

# Frank Black, I Don't Want To Hurt You (Every Single Time)

I can't find my way  
My vision is oh so blurred  
I was wishing for the day  
When I didn't even know one word

I don't want to hurt you  
Not every single time, no  
I just seem to hurt you  
Every single time

I wish you could be what's her name  
And I could be King Kong  
But the chorus was pretty much the same  
Everytime I wrote this song

I started this lesson in depravity  
And now we're falling apart in this lack of gravity  
And my heart is just a muscle in a cavity  
But it hurts so bad  
And I'm trying to say I'm definitely blind
