Frank Sinatra, Give Her Love

(J. Harbert)

[Recorded November 17, 1966, Hollywood]

Give her sunshine in your smile Give her pleasure all the while Turn her thoughts from clouds of gray Give her strength to face each day

Give her laughter be her friend Stay beside her till the end But, in giving all else above, Don't forget to give her love

[instrumental-first two lines of second verse]

But, in giving all else above, Don't forget to give her love
