

# Frank Sinatra, How Are Ya' Fixed For Love

How are ya fixed for moonlight ?

How are ya fixed for stars?

How are you fixed for kissin' ?

While we listen to soft guitars?

How are ya fixed for someone to watch the rain with?

To stroll down the lane with

For someone to just go a little insane with?

How are you fixed for mem'ries ?

Mem'ries that shine so bright?

If we let fancy take us

We could make us a few tonight

How are ya fixed for someone who'll fit your arms like a glove?

Hey, tell me, baby, how are you fixed for love?

(brief instrumental)

How are ya fixed for kissin' while we dig those wild guitars?

How are ya fixed for someone to sit and tan with ?

To worry and plan with ?

For someone to dine right from out of a can with?

How are ya fixed for mem'ries, mem'ries that glow so bright?

Ooh, if we let Cupid rock us, we could knock us a few tonight

How are ya fixed for someone who'll fit your arms like a glove?

Hey, tell me, baby how are you fixed for

Tell me baby, how are you fixed for

Tell me, baby, how are you fixed for love?
