

# Frank Sinatra, Strangers in the night

Strangers in the night exchanging glances  
Wond'ring in the night what were the chances  
We'd be sharing love before the night was through  
Something in your eyes was so inviting  
Something in your smile was so exciting  
Something in my heart told me I must have you  
Strangers in the night  
Two lonely people, we were strangers in the night  
Up to the moment when we said our first hello little did we know  
Love was just a glance away, a warm embracing dance away  
and  
Ever since that night we've been together  
Lovers at first sight, in love forever  
It turned out so right for strangers in the night  
[instrumental-first three lines of chorus]  
Love was just a glance away, a warm embracing dance away  
Ever since that night we've been together  
Lovers at first sight, in love forever  
It turned out so right for strangers in the night  
[Dooby-doooby-doo and other scat to end]
