

# Frankenstein Drag Queens From Planet 13, I Love Me

I love me, i love me, i love me, i love me

Looked in the mirror, it was love at first sight,  
I proposed to myself just last night,  
and i don't need no one to run my life,  
I love myself cause i can love me right,

I love me, i love me,  
I love me, i love me,

Baby baby can't you see,  
I can't love you 'cause i love me,  
And i wont ever, ever, ever cheat on me,  
So fuck off baby cause i love me,

I love me, i love me,  
I love me, i love me,

I don't need you, motherfucker  
Need you motherfucker,  
I just don't care.

I love me, i love me,  
I love me, i love me,  
i love me.
