

Frankenstein Drag Queens From Planet 13, I Wa

a day in the life in the monster cult
just like a jacko-lantern i'm gonna carve you up
spit out the seeds open up your skull and bleed

in the valley of the living dead
your gonna scream scream scream
and we'll chop off your head
don't you know that death is the only life for me

i was a teenage ghou scout
i was a teenage ghou scout
i was a teenage ghou scout
of troop thirteen

just like a horror movie on the tv screen
i'm a certified homicidal evil being
well the ghou scouts sell body parts not cookies

i was a teenage ghou scout
i was a teenage ghou scout
i was a teenage ghou scout
of troop thirteen

i was a teenage ghou scout
i was a teenage ghou scout
i was a teenage ghou scout
of troop thirteen

i was a teenage ghou scout
i was a teenage ghou scout
i was a teenage ghou scout
of troop thirteen
