

Frankie Valli, Save It For Me

Don't let your love go astray,
Save it for me
Don't give your sweet kiss away,
Save it for me

I know you're feeling blue,
'Cause I feel blue like you.
I'll be strong as you
Are and wait just as long as you

Don't waste that look I adore
Save it for me
Just wait a little bit more
Save it for me

I know that you must cry:
Cry, baby, so do I.
Just sit tight
And leave on your light
'Cause I'm coming home to your arms,
Oh baby,
I'm coming home to your arms.

Save it for me
Save it for me

I know that you must cry:
Cry, baby, so do I.
I'll be strong as you
Are and wait just as long as you
Save it for me
Save it for me
Save it for me
