

Franky Perez, America, You Are Part Of Me

I will stand tall
Like an unconquered mountain
Like an integrated fountain
In the South
If I fall
I'll make my country proud
I won't let this flag touch the ground
'Cause it's a part of me

Free
Like an eagle I will
Spread my wings
And embrace this American dream
Like a soldier's last breath
Like the heart in my chest
You are part of me
You are part of me

Freedom
Don't you take it for granted
Ask someone who ain't had it
What they think
And reasons
As if you needed one
I'll give you one million
If you need
'Cause it's a part of me

Free
Like an eagle I will
Spread my wings
And embrace this American dream
Like a soldier's last breath
Like the heart in my chest
You are part of me
You are part of me

In a single moment
In our darkest hour
When our flag was burning
Atop that second tower
In every living room
There was living proof
Of the price we paid for
FREEDOM

Free
Like an eagle I will
Spread my wings
And embrace this American dream
Like a soldier's last breath
Like the heart in my chest
You are part of me
You are part of me
