

# Franz Ferdinand, Bite Hard

You don't know I sing these songs  
About you  
You don't know the pseudonyms I assume  
You don't know the pseudonyms I assume  
For you

Are you happier now  
That the guards are dying?  
Or do you dream of  
Heston with omniscient beard

You should be happier now  
With no one to pray to  
Or would you love to break your knees  
From beggin' and prayin'

Bite hard, well it's a broken smile  
Breaking their hearts and breaking their minds  
Bite hard, it's a 505  
Your engines align, we ride together  
Bite hard, bite hard

I may be lonelier now  
Or I'm happy alone, honest  
Ain't lonely alone  
What would we talk about anyway?

No, I'd never resort  
To kissing your photo, honest  
I just had to see  
How the chemicals taste there, honey

Bite hard, well it's a broken smile  
Breaking their hearts and breaking their minds  
Bite hard, it's a 505  
Your engines align, we ride together  
We ride together  
We die together

Bite hard, oh  
Bite hard, oh  
Oh, bite hard

Oh, I never  
I never  
I never, no  
I never

I just had to  
I just had to  
I just had to see her, honey

Bite hard, well it's a broken smile  
Breaking their hearts and breaking their minds  
Bite hard, it's a 505  
Your engines align, we ride together  
We ride together  
We die together
