Franz Ferdinand, Get Up And Use Me

Use me!

They take my voice and they feed my eyes
All I read is a bed of lies
I know the truth of the idiot youth
Is nothing than a guise

And who's scared?
Not me

So g-g-g-g-get up and use me

The universe, white from a bed
And don't you know he is already dead

So g-g-g-g-get up and use me

Tell me I have everything to live for
It means nothing to me
And from what I can see
And I'm blind

So g-g-g-g-get up and use me

The dumbing down of lies
The dumbing down of a bed of lies
So tell me, tell me, tell me, tell me
To get up and use me
