

# Fray, She Is (Everything)

Do not get me wrong I cannot wait for you to come home  
For now you're not here and I'm not there, it's like we're on our own  
To figure it out, consider how to find a place to stand  
Instead of walking away and instead of nowhere to land

This is going to break me clean in two  
This is going to bring me close to you

She is everything I need that I never knew I wanted  
She is everything I want that I never knew I needed

It's all up in the air and we stand still to see what comes back down  
I don't know where it is, I don't know when, but I want you around  
When it falls in place with you and I, we go from if to when

Your side and mine are both behind it's indication

This is going to bring me clarity  
This'll take the heart right out of me

She is everything I need that I never knew I wanted  
She is everything I want that I never knew I needed

This is going to bring me to my knees  
I just want to hold you close to me

She is everything I need that I never knew I wanted  
She is everything I want that I never knew I needed
