

Fred Durst, Build A Bridge

Build a Bridge to your mind
Takes me there every time
lay it all on the line
theres a way

Build a bridge make a path
over look the aftermath
mke my tears be a bath
theres a way

Only if you take a ride
go with me to the otherside
even though its gonna crumble down
i'll keep building till you come around
even though its gonna fall apart
ill keep building till I die

Build a bridge of memories
stretch it out over seas
to the end of the world
theres a way

Build a bridge made of pain
send my longing down the drain
have no reasons to complain
theres a way

Only if you take a ride
go with me to the otherside
even though its gonna crumble down
i'll keep building till you come around
even though its gonna fall apart
i'll keep building till I die

Wait wait for me
wait please wait for me
wait please wait for me yeah!

Even though its gonna crumble down
i'll keep building till you come around
even though its gonna fall apart
i'll keep building till I die

Even though its gonna crumble down
i'll keep building till you come around
even though its gonna fall apart
i'll keep building till I die
