

# Fred Durst, Nobody Said

don't wanna go (prelude)  
don't wanna go  
don't wanna go  
don't wanna go

(verse)  
I, dont wanna do this by myself  
can't help to think  
that this ride wont last too long for me  
its so long and the mileage that I've gained  
used to touch you  
and leave myself a name

(chorus)  
nobody said it was gonna be easy  
nobody said you will always be lost inside  
nobody said it was gonna be easy  
nobody said you will always be lost...lost...
