

Freddie Hart, Lady Of My Life

Lady of my life helper of my hopes
Sweet darling of my dreams
What would I ever do without you
Woman of my world soother of my soul
Happy of my heart
I'm so glad that you're the lady of my life

Of all the things you are to me I guess the part I'm fondest of
Is that you always stand by me and give me every bit of your sweet love

Lady of my life knower of my needs
Willing of my wants
What did I ever do before you
Woman of my world heartner of my plans
Sharer of my schemes
I'm so glad that you're the lady of my life lady of my life
