

Freddie Hart, Lord Don't She Look Good

Now I know you've come to talk about my woman
Well there's nothing you can say that I don't know
And it's not hard to see that you're just jealous
So let me set you straight then you can go
She's only human and we've all done things we know we never should
But when I look at her I see all the love she has for me
And Lord don't she look good

I remember when you caught yourself my woman
Then I found out you cheated all along
And now you come around to criticize her
We'll now want you to say what's right or wrong
She's only human but she gives me the love you never would
After all you put me through now I see her next to you
And Lord don't she look good oh Lord don't she look good
