

# Freddie Hart, Nothing's Better Than That

(Sweet angel baby) love you so much you blow my mind each time we touch  
And when we're lovin' uh nothing's better than that  
You are my lover you're my best friend my pot of gold my rainbow's end  
Oh what a feeling nothing's better than that

We go so good together heaven's just a kiss away  
Everytime we hold each other passion has a holyday  
I found a brand new world filled with the pleasures of love  
Now we've got everything nothing's better than that  
We go so good together...
