

# Freddie Hart, That Look In Her Eyes

She walks across the room and lets her long hair down  
Hesitates before the mirror and then she turns around  
And there stand the only real live angel ever found  
And I love her I really do love her

Then I see she's got that look in her eyes  
Lord she know I love that look in her eyes  
And I might as well drop everything  
Cause I'm no darn good for nothing otherwise  
I can feel the warmth already begin  
Long before she ever touches my skin  
And I'm on my way back to heaven again  
Cause she's got that look in her eyes

She makes the morning coffee and brings it to the bed  
And lying there beside me she says wake up sleepy head  
Lord knows it's hard to leave her I'd rather stay with her instead  
Cause I love her I really do love her  
Then I see she's got...  
Then I see she's got...
