

Frederik Ndoci & Aida, Hear my plea

I say farewell, the final call,
I turn and walk away, I leave it all.
I find that life regains its glow,
But the journey's long, the going's slow.
A million miles later,
I crave a love that's greater
Take me home again.
Hear my plea,
Take the longing of my heartbeat
Make the melody.
(I beg you), hear my plea,
As it quivers in the tear drops
That you shed for me.
I beg you, hear my plea,
Take the longing of my heartbeat
For eternity
I beg you hear my plea,
The pain, the suffering of today
Tomorrow's memory
