

# Fredrik Kempe, For Your Broken Heart

I know that you've been hurt before  
But baby, you won't get hurt again no-oh  
cause I'm a different man  
I wish that you could understand  
Baby take my hand

Leave the past behind for this wonder  
Don't look back again  
Can't you see this start might be a new beginning now  
for your broken heart

I promise you'll be safe with me  
Forever, you'll never be alone  
I know that pain you feel  
I know that broken hearts can heal  
I can make it real

Leave the past behind for this wonder  
Don't look back again  
Can't you see this start might be a new beginning now  
for your broken heart

When I hold you in my arms  
When I feel you understand me  
Nothing else makes sense at all  
When you're far away from home  
And you say that you are lonely  
This is for your broken heart

Leave the past behind for this wonder  
Don't look back again  
Can't you see this start might be a new beginning now  
for your broken heart  
A new beginning now  
for your broken heart
