

Freemasons feat. Sophie Ellis-Bextor, Heartbreak

Heartbreak... Heartbreak...

Heartbreak...

Uh!, Oh!, Uh!, Oh!, ...

I've tried to hold myself together

Tried to forget you've gone away

The tears I've cried, they won't subside

Unless the music starts to play

Keep it coming on and on and on

Heartbreak makes me a dancer, dancer

DJ give me the answer, answer

Love, stop getting me down, down, down

Do it alone, I could do it alone

Heartbreak make me a dancer, dancer

Keep my heart beating faster, faster

Love, stop bringing me down, down, down

Do it alone, I could do it alone

I need to feel I'm getting stronger

Long as I'm moving it feels true

And with each step, I will forget

Forget all those memories of you

Keep it coming on and on and on

Heartbreak makes me a dancer, dancer

DJ give me the answer, answer

Love, stop getting me down, down, down

Do it alone, I could do it alone

Heartbreak make me a dancer, dancer

Keep my heart beating faster, faster

Love, stop bringing me down, down, down

Do it alone, I could do it alone

Heartbreak... Heartbreak...

Heartbreak... Heartbreak...

Heartbreak makes me a dancer, dancer

DJ give me the answer, answer

Love, stop getting me down, down, down

Do it alone, I could do it alone

Heartbreak make me a dancer, dancer

Keep my heart beating faster, faster

Love, stop bringing me down, down, down

Do it alone, I could do it alone
