The shit I pack'll put holes through ya lexus

Through ya turn pike early, all night, all day

Wait, switch hustles nigga, now I muscle mixtapes all night, all day

Yes! the front line of the roc

Will through a football pass through ya chest

Brett farve wit the glock

Uh! I'm max payne wit the stock out

Money and fame run out, get it with cocaine

Rep the roc till I clock out, I make you clock out

Put sumtin in ya brains

[chorus: kayne west & freeway]

I do my dirt all by my lonely and I got the heart to fight

So please refrain from hatin (on me!) before I turn out ya lights

Aint no hesitation, I got the guns to fight

So please refrain from hatin (on me!) before I turn out ya lights

[verse 2: freeway]

Don't test my patience because I got the guns to fight

Stay wit em coast to coast

Ihop I distribute the toast to folks

I stop, never, free a rap icon

Black bon jovi, ? in the rock/roc love of rock/roc?

Jake of watches, ice cickle the time

Still got time to leave ya stash gone when you wake up

Free hate smuts, stay wit a dime, at all times

Stay on the grind at all times wit so many nines

Shit baggin and shake up

Niggah! ain't no captin to shake up

Doe like a brink truck, nine on my waist, i!

[chorus]

[verse 3: freeway]

Freeeee! put the burners to ya crew

Give me a reason, not to squeeze on ya gang

Man the hammers go bang to bang

In wit a bang, bang blueprint 2

Before you, slide through to deliver ya gang the thangs

Switch lanes to get paid in full

Look it's the rich (?) of transporters

Donvan mcNabb of mixtapes, look hey

Follow the kid's orders in other words do what the kid say

We got it locked from the bay back to philly

Where niggas pack millies like every single day

We don't play, we all about our change and

Money exchangin, if you bout your pay
Then every single day, bring the lla to ya city
Act up, bring the k's to ya city
Then shots exchangin, every single day

[chorus w/o (on me!) x2]
