

# Freezepop, Get Drunk With Milk

I'm just like you;  
we're all the same.  
We sing and play  
our funny games.  
Now a mistake;  
it all went wrong.  
Everything's changed;  
and now I don't belong.

Are you afraid of me?  
I'm not like you.  
I'm full of jealousy.  
What can I do?  
No one to purchase me.  
I've had my fill.  
And then it dawned on me:  
Get drunk with milk.

I ran away.  
No one is there.  
So far away.  
No one to care.  
I miss my friends.  
But, do they know?  
I should return  
to them in Hokkaido.

Are you afraid of me?  
I'm not like you.  
I'm full of jealousy.  
What can I do?  
No one to purchase me.  
I've had my fill.  
And then it dawned on me:  
Get drunk with milk.  
Get drunk with milk.

I don't act like them;  
No self-esteem.  
I don't look like them;  
I often dream.  
I'm on my own,  
And that's okay.  
They all get sold;  
Now I can sing and play.

I'm not afraid of me.  
I'm not like you.  
There's no more jealousy;  
Nothing to prove.  
I sit here thirstily;  
And wait until  
The time is right for me.  
Get drunk with milk.  
Get drunk with milk.  
Get drunk with milk.

(nothing to prove; I'm not afraid)  
Get drunk with milk.  
(nothing to prove; I'm not afraid)  
Get drunk with milk.  
(nothing to prove; I'm not afraid)  
Get drunk with milk.  
(nothing to prove; I'm not afraid)

Get drunk with milk.

Get drunk with milk.
