

Freiheit, Jump Into My Holograph

Here's an endless fantasy
I can't stop
Constantly it comes to me
Such a strange scenario
It won't stop
Never ending video

Like an ancient magic sign
Hiding in the corners of my mind

Stumbling down forgotten trails
As lost as I could be
A vision only I could see
And then you spoke to me

Jump into my holograph
There's a place for you
You will find a photograph
Of a world so new
Here inside my universe
I'll be with you soon
Jump into my holograph
Heading for the moon

It's a beautiful disease
I can't stop
Full of possibilities

There's an ancient magic sign
Showing on the edges of my mind

Jump into my holograph
There's a place for you
You will find a photograph
Of a world so new
Here inside my universe
I'll be with you soon
Jump into my holograph
Heading for the moon

Jump into my holograph
There's a place for you
You will find a photograph
Of a world so new
Here inside my universe
I'll be with you soon
Jump into my holograph
Heading for the moon

Jump into my holograph
There's a place for you
You will find a photograph
Of a world so new
Here inside my universe
I'll be with you soon
Jump into my holograph
Heading for the moon
