

Freiheit, Moonlight

Lights are down
Soothing sounds
Moonlight on my bed
Words that you just said
I need you

Lost in time
You are mine
Ever so sincere
Whisper in my ear
Close to you

No one knows what we both have discovered
Ever yearning with wishes so clear
No one knows, only me and my lover
You and I, we are one and so near

Come and let us fly
Warm July
Dreams of shifting sand
Let me touch your hand
I need you

No one knows what we both have discovered
Ever yearning with wishes so clear
No one knows, only me and my lover
You and I, we are one and so near

Come and let us fly
