

Freiheit, Tears Are A Girl's Best Friend

First you are unfair
Then you start a fight
And I feel despair
When you say goodbye
As the sunlight reflects in your eyes
I see tears like diamonds
Now you're standing there
Right in front of me
And I can't believe
What I seem to see
As the sunlight reflects in your eyes
I see tears like diamonds

Love isn't always that easy to share
Something that can't be denied
Sometimes you find that it's too much to bear
Don't keep your feelings inside

And tears are a girl's best friend
Oh yeah
You can go ahead and cry
It's in the past, be glad that it's over
(Over)
Tears are a girl's best friend
(Best friend, oh yeah)
Oh yeah
Even though we say goodbye
I'm near with you, so cry on my shoulder

First you break my heart
Then you go to stay
Now you're back again
Take my breath away
As the sunlight reflects in your eyes
I see tears like diamonds

Love isn't always that easy to share
Something that can't be denied
Sometimes you find that it's too much to bear
Don't keep your feelings inside

And tears are a girl's best friend
Oh yeah
You can go ahead and cry
It's in the past, be glad that it's over
(Over)
Tears are a girl's best friend
(Best friend, oh yeah)
Oh yeah
Even though we say goodbye
I'm near with you, so cry on my shoulder

And tears are a girl's best friend
Oh yeah
You can go ahead and cry
It's in the past, be glad that it's over
(Over)
Tears are a girl's best friend
(Best friend, oh yeah)
Oh yeah
Even though we say goodbye
I'm near with you, so cry on my shoulder

And tears are a girl's best friend

Oh yeah
You can go ahead and cry
It's in the past, be glad that it's over
(Over)
Tears are a girl's best friend
(Best friend, oh yeah)
Oh yeah
Even though we say goodbye
I'm near with you, so cry on my shoulder
