

# Frente!, Harm

first time on earth  
going to have to tell you how to laugh  
smile like a star  
a young disaster  
you fist fight yourself like  
look for the thread  
try to keep the gloves above your head  
time tied them tight  
you can't pick things up  
sit beside watch while

today's too much for you...you just want to go, don't you?  
you're damned if you don't and you're dumb if you do

knock knock shoot the clock  
slip into a sleep full of sweat  
think you closed your eyes  
see the water rise  
swim like a child might  
swear at the sun  
fumble your words like a gun  
you're rusting in the street  
and you try to trust your feet to find you  
someone un numb

today's too much for you...you just want to go, don't you?  
aching in my arms, you've come to harm  
you've come to harm, you've come to harm

die before you disregard the logic in your veins  
you say the word again, you hear the word again, do you hate the word again?

step into my room  
1000 of you  
1000 of you  
nobody cries  
you slip out of your lies  
flick (night) light dies  
all of your cells yell surprise  
death had beautiful eyes  
death had beautiful eyes

soul in a spoon, heart in a jar, that's what you are  
soul in a spoon, you're coming down soon, that's what you are  
that's what you are, that's what you are  
that's what you are, that's what you are
