

Frenzal Rhomb, I'm A Backwards Fucken Useles

The sticker on your car, has surely gone too far
Now I stare and wonder at the decision making process
Should be you be allowed, to be shouting proud
When you got a sickness inside, what if
I had something to offend you just as much as this
You still wanna have your say, but your braindead
Used to drive around, stinking up my town
Should have had a billboard poster that says
I'm a backwards f**ken retard useless piece of dogshit...and I vote
