

Frenzal Rhomb, Infotainment

I want to need to clarify
The reason you have to bring nothing home tonight
You lie, they just don't try
It's just your useless diatribe
You're looking good, you sound good
It's just a shame that you don't say what you should

Infotainment... Doesn't think people try
Infotainment... It's more than a lie
If you don't like it you can shut up and die
Infotainment... Now we're asking you...why?

I want to need to clarify
The reason you have to bring nothing home tonight

No intellect no self respect
No-one hears what you neglect
Eyewitness what a joke. If you saw it
then you kept it to...yourself

Ask yourself do you need this information?
When the result will dissolve into masturbation.
Let yourself decide.
