

Frenzal Rhomb, Let's Drink A Beer

1,2,3 the phone's for me yeah
I don't want to get it but my mind disagrees
Running out of patience but I can't break away
And now it's taking so long to find a resolution
The pain I'm going through there must be a solution
I can't be the one to give her total absolution
I'll send her nothing good

Does it make you feel good to make me miserable
Or is a power struggle completely unfeasible
Every time we speak you're convinced I'm unreasonable
I'll get through it I've found another way

Let's drink a beer, let's drink it here, it's the one thing that is clear

Everything I say seems to get me in trouble
I only feel better when I'm seeing double
Now there's someone else I think that we can resolve it tonight
It's going to be alright

Let's drink a beer, let's drink it here, 'cause tonight is all that's here
Let's drink a beer, let's drink it here, it's the one thing that is clear
Let's drink a beer, let's drink it here, to you I send my only friend

Let's drink a beer, let's drink it here, to anaesthetise my fear
Let's drink a beer, let's drink it here, destroy your fear

Gone so long the days for thinking, hear that final call for drinking
I know there's been a lot of problems, not too many ways to solve them
Seems hopeless what can be done yet, I feel the need for icy comfort

Let's drink a beer
