

Frenzal Rhomb, Mr. Charisma

When he walks into the room men sit up and women swoon
Everybody murmurs "He's here"
He's the most important guy
never stop to wonder why
He's always got so much to say
He's so cool, he
makes the rules
Many witty anecdotes one day he will surely choke
on a story far away
he's so cool he'll never die,
makes us laugh and makes us cry
If only he'd promised to stay home
He's the man
He's the man for us
He's Mr., Mr. Charisma
We see him every other day, he's another world away
We could hang with him all the time
He's too perfect to be true,
I can doubt but so would you
patiently I'm waiting to find out
What's behind....that
sickly smile
He's Mr., Mr. Charisma
Well I went to your brother but your brother lied
He said what you see on the outside is what you get inside
I said, I'd like to believe it but I have my doubts
and I think he might be evil but I wouldn't want to shout about it
He's so strange
He's quite deranged
He's Mr., Mr. Charisma
