

Frenzal Rhomb, Not So Tough Now

See you walking down the street
People facing to their feet
Don't you talk about who you meet
or what you say
Looking around, don't care at all
Picking your teeth is bloody gross
When the truck ??? get out of the way

Not so tough now

Lying around your TV spot
Fido the dog is running amok
All you can think about is a party trip
while smoking pot
???

You shouldn't sit close to a naked flame
Maybe you should not have worn your nylon top

Not so tough now

One, two, three, four...

Lying on the beach ???
Speedos doing enormous Ks
??? for giving you lip
Got a tip if you swim around
You're such a good swimmer that you'd never drown
Obviously no-one told you not to swim against the rip

Not so tough now
