

Frenzal Rhomb, Please Go Over There

Whatever you do you should get outta this town
I'm on an aeroplane, you're only f**ken insane
What do you do? What do you see?
What do you want to be?
I've got a two inch screen mother f**ker get out
Off the street and into the fight
I'm home again
Sing to the mountain
Mother f**ker get out
Gonna shove your face
Against the human race
So just get outta my hair
Before I go f**ken spare
Please go over there
