

# Freshman 15, Phoenix Can Keep You

(Yeah!)

Okay we get it, no bodys as scene as you  
and everybodys seen your new tattoo  
Well no one is impressed and as for all the rest that lied to you  
Theyll probably never tell  
Ask me if Im sorry, well

[Chorus:]

Two thousand miles no will never be enough  
And Phoenix can keep you  
I hope youre better off without me because here in Georgia  
Everybodys happy

(Go!)

Whoa those lips are nice  
But theyre about as pink as the words that youll say though them  
Yeah, with your dress to match,  
I dont want you back, ask me if Im sorry  
Its you that Im sorry for

[Chorus:]

With out you around  
Without you in this town  
I can finally see so clear  
Without you here  
And after all that weve been through  
I will forget you, well  
Two thousand miles (Oh)  
Two thousand miles (Woah)  
I hope youre better off without me because here in Georgia  
Everybodys happy  
Without you around  
Without you in this town  
(I can finally see so clear)  
Without you
