

# Freur, Doot-Doot

What's in a name?  
Face on a stage  
Where are you now?  
Memory fades, you take a bow

Here in the dark  
Watching the screen  
Look at them fall  
The final scene

And we go doot  
Doot doot

Look at them fall  
Flicker and fade  
Gone are the screams  
I put them to bed, now they are dreams

And we go doot  
Doot doot
