

# Frida Sundemo, We are Dreamers

A sorry song from the radio  
I feel like lightyears away from home  
They say that tears don't do any harm but when it rains, it pours

I feel like air  
Yeah I feel like air  
And I feel like air  
Yeah I feel like air

'Cause you know we are the dreamers  
We are dreamers  
'Cause you know we are the dreamers  
We are dreamers  
And I feel like air  
Yeah I feel like air  
And I feel like air  
'Cause you know we are the dreamers  
We are dreamers

You know this winter's been way too cold  
I need the daylight, I need it so  
They say that tears don't do any harm but when it rains, it pours

The night gets into my head  
I hold on to pieces to keep it away  
"We're getting out of here" that's what you said  
"I know a place and I will take you there"

I feel like air  
Yeah I feel like air  
And I feel like air  
Yeah I feel like air

'Cause you know we are the dreamers  
We are dreamers  
'Cause you know we are the dreamers  
We are dreamers  
And I feel like air  
Yeah I feel like air  
And I feel like air  
'Cause you know we are the dreamers  
We are dreamers
