

Friendly Fires, Skeleton Boy

I close my eyes on the dancefloor
Forget about you
I lose myself in flashing colors
I've gotta see it through
You're too much,
I take it that we're over
should we even care at all?
Your too much, too much
She came to say goodbye
Your love is out
But even despite it all
Give me your hand
Let's face this night and see it through x2
Right by my feet, lay broken glasses
Skeleton boy
Sweat from the walls, drips on my shoulder
I gotta see it through
You're too much,
I take it that we're over
Should we even care at all?
Your too much, too much
She came to say goodbye
Your love is out
But even despite it all
Give me your hand
Let's face this night and see it through x2
Your love is out
But even despite it all
Give me your hand
Let's face this night and see it through x2
