

Frightened Rabbit, Behave!

Okay stop.

Okay start.

And please me, I don't care how.

Stop me and please me now,

Oh, with your mouth.

Big bad ate in a prison room.

He's just itching to telephone you,

Oh, with his mouth.

Behave, behave.

I don't know quite how to behave.

Patience, patience.

Leaves me with a cross to bear

Leaves me, I don't know where.

Then it leaves me out.

Distance, distance.

Oh, leaves me, I'm ashamed to say.

I make a mess on the stage with my mouth.

Behave, behave!

I don't know quite how to behave.

Behave!

I don't have a clue how to behave when I'm around you.

Behave around you.

Behave around you!
