

From behind these walls, The Departure (Rough

i, i guess i figured it out
by nightfall we'll have bled it out
and if you only knew me
this is my sequel to my dying movie
oh after i left you
i fell in love with something else
this chemical has got the best of the answers
your always on my mind well,
give me something else i could have vain, obtain,
oh Lord,
it's not the same i, stop the praying
cause i never knew it that i thought you could oh Lord,
i got no way out i never have
now i'm praying for this ohhhh
you wouldn't,
mend
broken glass
noooo
watch me as i wave goodbye
you turned your back to many fucking times
by night fall
i'll be fine..
just the thought be overwhelmed
storing everything that i can see inside and not sleeping till
that night
when you called it a nightmare
i never did it, change it, i don't think you're playing games
but i think it's all a shame
that my friends are all in
no!
please!
tell me now!!!
please just let me go
noooooo!
nooooo
by nightfall
watch the waves come crumbling in
it's a figure of speech YES!
i am HERE!
you are there
NO!!!
we are NOT alone
we are not alone
you stabbed me in the back
one too many times
now i'm just walking away
and getting SAD!
PLEASE GOOO!!
please SAVIOR!
YOU NEVER MENTIONED, GOD!
walk AWAY!
walkaway from ME!
and what i have CREATED for MYSELF
i walk away home
i'm ready to go, i'm not ready to go...
