

From First To Last, Heroine

oh mother is it hard to recognize me now
oh mother why can't you recognize me now
i said my life time every things fine but i lied

lie to me
i lied to you...
i lied, i did

Heroine
where have you been when i needed you?

lie to me
i lied to you...
i lied, i did

mother
Heroine
where have you been when i needed you
