

# From First To Last, Regrets And Romance

Now I see the truth in your eyes  
This time it will last forever  
Now I see the truth in your eyes  
Tell me what you're looking for

To fall asleep with you would be heaven  
For once this dream won't be short-lived  
Take me with you  
Show me all life's splendors

I've been waiting for life's last breath  
I've been waiting for life's last breath

The world wouldn't turn without you  
Breathing its air, I'd take you anywhere  
For once this is one of those dreams, that I can spare  
But you'd rather spare me

Now I see the truth in your eyes  
This time it will be forever  
I'll trust you if you just trust me  
Tell me what you're looking for

Now I see the truth in your eyes  
This time it will be forever  
I'll trust you if you just trust me  
If this isn't what you wanted, then tell me what is

But our roles have been filled as they should  
With hidden messages, in secret songs

This is my last breath of air

Why did you go  
I don't want to be alone  
Take me with you  
Take me with you  
Take me with you  
I want to be with you  
I, I want, to be with you

I'll never accept  
The way you regret  
Everything  
And everyone  
The second I thought  
That I had it all  
You were the first one  
To tell me I'm wrong  
I'll never accept  
The way you regret  
Everything  
And everyone  
The second I thought  
That I had it all  
You were the first one  
To tell me I'm wrong  
For you are my life  
And darkness encompasses  
Everything that's around me  
So live all your days  
As if we had never met  
They'll be better than ones we spent
