

# Front Line Assembly, Euphoria

(lyrics written and sung by Jaqui Hunt)

And how I've loved  
And I have served  
And I have sinned  
But I have learnt  
As long as you are true to the life that you live  
It is the time to feel love  
I feel a stirring deep within  
Slowly picking up momentum  
Like the tide coming to shore  
Over and under in its course  
This feeling emblazed inside  
Every nerve like a firefly  
Hovering above me, glowing  
Glow, glowing, glowing, divine  
Every nerve like a firefly  
Every nerve like a firefly  
This feeling emblazed inside  
Every nerve like a firefly  
I never want to lose  
What I have finally found  
There's a requiem, a new congregation  
And it's telling me go forward and walk under a brighter sky  
Every nerve like a firefly  
Glowing diving  
Every nerve like a firefly  
Glow
