

# Front Line Assembly, Forge

~~~~~

&quot;The human hearts that I have taken into hell&quot;  
&quot;Baby, baby, baby, baby, baby, baby&quot;  
&quot;I didn't hit nobody without no provocation, I mean, I didn't say nothing  
to the man, I didn't pull out no gun and tell him that I was gonna do  
this to him and shoot him. ???? and he just shoots at me ????  
that's was a perfectly radical group right there if you ask me&quot;  
&quot;Frontline!&quot;  
&quot;American&quot;  
March to the rhythm  
Fists in the air  
Statues torn down  
Burning flags everywhere  
Atrocity starts now  
The weapons parade  
A nation in turmoil  
Reflected by hate  
Believe  
Believe in the fight  
Believe  
Believe in the right  
A paradox of discipline  
Only the strong will win  
Kneel to the man  
Who's pointing the gun  
A victory  
Or nothing at all  
&quot;Quantum moves&quot; (x4)  
Discipline  
Discipline  
&quot;Listen to me, or we'll all be killed&quot;  
Move ahead  
Move ahead  
&quot;????? schoolchildren&quot;  
&quot;American&quot;  
&quot;Corruptor of justice and innocence and youth&quot;  
A paradox of discipline  
Only the strong will win  
Kneel to the man  
Who's pointing the gun  
A victory  
Or nothing at all  
Victory  
The State must fall  
&quot;Sworn enemy of all the human race&quot;
