

# Frou Frou, The Dumbing Down Of Love

Well painted passion  
You rightly suspect  
Impersonation  
The dumbing down of love  
Jaded in anger  
Love underwhelms you  
No box of chocolates  
Whichever way you fall  
And if I tell you  
Lover alone without love  
What will happen  
Lover alone without love  
Will you miss him?  
Lover alone without love  
No, no I'll get this  
I want to treat you  
You're still not famous  
And you haven't struck it rich  
Underachieving  
'Cause no one's receiving  
This tunnel vision  
It's turning out all wrong  
And if I tell you  
Lover alone without love  
What will happen  
Lover alone without love  
Will you miss him?  
Lover alone without love

Music is worthless unless it can  
Make a complete stranger  
Break down and cry

And if I tell you  
Lover alone without love  
What will happen  
Lover alone without love  
Will you miss him?  
Lover alone without love
