

# FT Island, Bad woman

I guess youre not my person  
I guess were not lovers  
let is break up now  
let is say goodbye  
If you say those words,what do I do?  
like a person who doesnt know me  
as if nothing ever happened  
if you forget everything  
what do I do?

I love only you

CHORUS

you are a bad woman  
you are a bad woman  
from a mans heart,from a mans eyes  
you make tears come out  
youre a bad woman  
youre a bad woman  
I loved you and  
I had only you  
but in the end,youre leaving me  
youre a bad woman  
like a peson who doesnt know me  
as if nothing ever happened  
if you erase everything  
what do I do?

I love only you

CHORUS

youre a bad woman  
youre a bad woman  
from a mans heart  
from a mans eyes  
you make tears come out  
youre a bad woman  
youre a bad woman  
I love you  
and I had only you  
but in the end,youre leaving me  
because of you, I was happy  
because of you, I loved  
I believed that I was the only one  
you would love forever  
youre a bad woman

chorus 2

Im a bad man  
Im a bad man  
the memories with you  
our love  
Im erasing them all now  
my only love  
the love that I long for  
I love you  
there was only you  
but now youre leaving me  
youre a bad woman
