

Fu Manchu, Hogwash

3 weeks after!
made a discovery (horrendus discovery- thats mine)
it was linked with
I had witnessed..
refused to admit
rumor of the voice say..
jolted down the broadcast (??)
Second Time today

(chorus)
dealin with the hogwash
as you know x2

flyin through this trail
a blue rain fell
just before daybreak
It was a huge mistake
so around midday
or so they say
a close escape..
on our way

(chorus)x 4 times
