

Fu Manchu, Shift Kicker

A eye pleaser 20 years ago..
To this day I still think so
Type 2 in a door seat 3
And all with the greatest of ease..

I couldnt see .. a damn thing

Engine wise slip through your hand
Speed gear alone they stand
What kind of plan have you received
Off we go... you bet: full speed

I couldnt see .. a damn thing

In a row..in a row.. we go
