

# Fuel, Ozone Baby (Sucker)

I wanna make her go  
I wanna make her come  
I wanna push her away  
Don't wanna feel no pain  
Don't wanna feel no shame  
Don't wanna feel this way  
I'm so alone here  
Why must I be

Chorus:  
I'm the one she calls ozone baby  
She waits alone for me to come down  
But I want to fly like a silly angel  
Aim for the sky, straight into the sun

I wanna make her feel  
I wanna make it real  
I wanna give her away  
She wanna keep me here  
She wanna hold me dear  
She wanna make me stay  
She's so alone here  
She don't need me

(chorus)

My sun, on you, burning, singe you  
Confined inside, rot from my lies, sucker

I wanna hold you down  
I wanna steal your crown  
I wanna make you cry  
I wanna break your pride  
Eat you up inside  
Why should you even try  
I'm so alone here  
Why must I be

(chorus)

Suckers.
