

# Fugees, Giggles

(Pras)

Aiyyo, somethin' funny, somethin' got you caught up in digs  
It's me, why you wanna pimp with today?  
Two made from the boy, yeah  
Now, helpless, he's tryin' cause he full of giggles  
You gonna need more than an iron to stretch out ya wrinkles  
You startin' so ordinary, and me, map me out for sprinkler  
You got the fever for the flavor for the giggles  
Who got the giggles is the jam of December, hey  
I remember we release specifically  
Back in grammar school days it's me the E's-M-T  
Totally and directly, wonder, more than too fresh and nuttin' really else today  
It was my accent and where I came from that ya really hate  
The 'N' wear - Levi's, Pumas, struggle Adidas  
Some say I'm with the losers cause I didn't have the ladies  
No R-E-F-P's, the T as we can't get no punanny  
Definitely hittin' them daily  
Now I roll with the squad that's so hard and makes  
you wanna catch an erection - relax man!!  
I don't allow you to put-out actin' on if the one's direction  
So it's Pete Prop, yo what's up man, hah  
So if ya were thankful then I see cause the paper  
gettin' murderin' like the a-lovin' - now the news - Rodney King is  
now with the double list comin' through your speakers  
remember durin' steebers, why don't you get your speakers tweetered, whoo!!

(Chorus)

Who got the giggles?  
You got the giggles, they got the giggles  
Everybody got the giggles  
Who got the giggles?  
You got the giggles, they got the giggles  
Everybody got the giggles

(Pras)

Now ya wanna be down, you come around, touch gun of the town  
You gotta dig my sound - Wow!!  
It seems like everybody's jumpin' on the bandWAGON!!  
Her money grabbin' a chick is a suburban dragon  
I wasn't all of that - rappin' - but this is now  
What's the matter? Ya milkin' like a freakin' cow  
Cat guns yo' Tennessee, here kitty, kitty, kitty  
Here pussy, pussy, pussy, pussy cat  
You start to smell like one - all you really are was the head  
I wanna give a shout-out to those who try and curse  
my fave for ??? gat, you were funny though  
Shall, shall, leave the play-down  
These are the things we can do without, huh  
So what's this all about man?  
Just when I thought I was chillin' with my Lee's  
and my fellas, seeds and my pro-kicks  
My style was so deaf, "thuggin' won't even make it fresh" he said  
So now I need my tracks that ?bite-neck? Fred  
It's that ya mess with, it's just stitches that I thread

Loadin' the clip for-go-twenty-four-Karen-Lead  
her double-days, puttin' 'G' at her head - RAPOW!! You're dead

(Chorus)

Who got the giggles?  
You got the giggles, they got the giggles  
Everybody got the giggles  
Who got the giggles?  
You got the giggles, they got the giggles

The hiccups, the kinda hiccups that makes ya wanna come up

much more like Peter but couldn't beat her pick
