

# Full Blown Chaos, Life Of Sorrow

One day you'll find  
Hide too many lies  
Behind your eyes  
I see everything  
You cant run from this  
You hide your face in shame  
How can you life this way  
Your life's a fallacy  
You cant run from this  
You hide your face in shame  
How can you live this way  
You're lifeless  
Took my strength for weakness  
You called yourself a friend  
Cover lies with other lies  
Life of sorrow  
One day you'll find  
Hide too many lies  
Behind your eyes  
I see everything  
You cant run from this  
You hide your face in shame  
How can you live this way  
You're lifeless  
Brought down  
This on yourself  
Enshroud  
No truth within yourself  
Brought down  
Enshroud  
Brought down  
No truth within yourself.
