

# Full Blown Chaos, The Vorhees Complex

Annihilation  
Exterminate  
Pressure mounting  
Watch every move  
Weight of the world  
Crushing you  
Cripple order  
Destroy control  
Death at the doorstep  
Strings us all  
Ever fleeting  
Hope is broken  
Dead lights  
Fall on our eyes  
Kiss of death  
Brings our demise  
On your knees  
Beg to an empty heaven  
Exterminate  
Annihilation  
I was born to murder this world  
Suffer to stay alive  
Bleed out the week  
Only the damned survive
